Transforming the heart of Hertford

Work to improve the centre of Hertford started this week.

Work [began on Maidenhead Street](#) to improve the environment for shoppers and visitors, and to encourage investment into the street. This first phase is due to finish at the end of November, just in time for the Christmas rush.

Brighter future

A tired community centre in Hertford is set for [a new lease of life](#) after East Herts Council agreed in principle to its redevelopment.

It has recently become obvious that the Pinehurst Community Centre building, along with the attached shop and flats, is no longer fit-for-purpose and requires investment.

Bee-ootiful

This lovely autumn picture was taken by our colleague Margaret in her Hertford garden.
